INTRODUCTION

The International Study Camp welcomes students from all over Asian countries. The camp will be held in National University of Singapore (NUS). NUS is a well known university, which is ranked one of the top 30 universities internationally and top 3 in Asia. The camp is specially designed to provide students a memorable experience in an internationally university environment. Students will be attending orientation, lectures, tutorials and various lab visits in NUS. They will also have the opportunity to interact with the undergraduates and visit various Singapore attractions.

After the camp, each student will be awarded with a NUS Certificate indicating their performance and the NUS courses taken during the program.

MAIN ACTIVITIES

Exciting Lecture in a Mobile Auditorium:

First time in the world, students participating in International Study Camp @ NUS will have a great opportunity to attend a lecture inside a Mobile Auditorium. The Mobile Auditorium is a double decker bus which has been innovatively re-designed into a Lecture Theatre's interior with hi-tech teaching facilities. This concept takes the term 'going beyond the classroom' to a whole new level by providing students with a new experience of being in a classroom and attending a field trip simultaneously.

The University Experience:

This program seeks to give all students a 'feel' of being part of the NUS/NTU community. With activities set in NUS/NTU, students can enjoy the various facilities available such as hostel living, well equipped lecture halls and libraries, various faculty canteens and student leisure facilities.

All in all, we aim to provide an unforgettable 14-day experience in one of the best universities in Southeast Asia!

Places of Attractions in Singapore:

Students will have the opportunity to visit various places of attractions in Singapore and this will help them understand the cosmopolitan nature of Singapore. Local NUS students will be facilitators to interact with and host these students. Places of interest include Singapore Discovery Centre, Little India, Chinatown, magical Sentosa and the world-famous Night Safari.
